IDIOMA ALTERADO PARA PORTUGUÊS

The screenshot shows the Google Cloud console interface in Portuguese. The browser tabs at the top include 'DIO | Codifique o seu futuro', 'Site Reliability Engineering', 'Meu Drive - Google Drive', 'gcpdashboard - Apresentação', 'Painel - BootcampDIOME', and 'DevopsDio.me/gcpbilling'. The address bar shows the URL 'console.cloud.google.com/home/dashboard?project=bootcampdiome'. The Google Cloud header features the 'Pesquisa' (Search) bar and navigation links for 'Produtos, recursos, documentos (/)'. The left sidebar contains a 'Visão geral do Cloud' (Cloud Overview) section with a 'Recente' (Recent) list and a 'Ver todos os produtos' (View all products) link. Below this is a 'FIXADAS' (Pinned) section with links to 'APIs e serviços', 'Marketplace', 'Compute Engine', 'Kubernetes Engine', 'Cloud Storage', 'BigQuery', 'Rede VPC', 'Cloud Run', and 'SQL'. The main dashboard area is divided into three columns: 'PAINEL' (Dashboard), 'ATIVIDADE' (Activity), and 'RECOMENDAÇÕES' (Recommendations). The 'PAINEL' column contains three widgets: 'Informações do projeto' (Project Information) showing project name, number, and ID; 'Compute Engine' showing CPU usage over time; and 'Recursos' (Resources) listing BigQuery, SQL, Compute Engine, and Storage. The 'ATIVIDADE' column shows the 'Status do Google Cloud Platform' (Google Cloud Platform Status) with a message about a recent error and a link to the status page. The 'RECOMENDAÇÕES' column displays 'Faturamento' (Billing) information, including estimated charges and a link to view details. The bottom of the screen shows a Windows taskbar with various application icons, a search bar, and system tray information including temperature, location, and date/time.
